Taking part in COVISION is not a paid job. But there could be all kinds of benefits for you if you decide to take part:

- You will learn a lot about the issues involved, and your right to be heard.
- You will have a good experience of working with others on an important project, and learn new skills for working with others.
- You will meet new people and might make new friends – it could be fun.
- You will know that you have made a real contribution to helping children and families face pandemics and disasters in the future.
- This would be an achievement you (and your family) could feel proud of.
- All this could boost your confidence for new projects in the future.

We will give you a Certificate of Achievement as a member of the COVISION Workshop Team. We will pay for food and refreshments and travel costs for attending the face-to-face sessions.
